

Quick Chill S/S, Chrome, & Tarnish Free Brass Square Column "T" and Pass-Thru Towers

All Quick Chill towers are available in stainless steel, polished chrome or tarnish free brass finish. Includes sanitary faucets with black plastic spouts and restriction kit to balance each faucet in the field. Faucet knobs NOT included.

"T" towers are 12 15/16" high overall. For towers with 3 to 7 taps, column is 4 5/8" square with 6" square plate at the base. * For towers with 8 taps, column is 7 5/8" square with 9" rectangular plate at the base. Faucet centers (distance from center of one faucet to center of the next faucet) are 2 3/4". Tee is 6 7/16" deep. Distance from countertop to bottom of tee is 9 1/2".

Pass-Thru towers are 12 15/16" high overall. Columns are 4 5/8" square with 6" square plates at each base. Distance between column centers is 16 1/2". Tee is 33 1/8" wide and 6 7/16" deep. Distance from countertop to bottom of tee is 9 1/2".

FOB WI

Need an extra tall "T" or Pass-Thru tower for growlers? No Problem! Two upgraded sizes can increase counter-to-faucet height by 2⁵/₈" or 3³/₄". Call for pricing and availability.

Captain's Wheel Towers

Wood finished Captain's Wheel has 30" diameter (including spoke handles). High luster polished brass faucets (brushed stainless steel also available, please specify) and brass mirror-like finish between spokes make this an attractive decorative tower. Countertop or wall mount available, please specify when ordering. **Countertop Models** feature 4" diameter brass cylinder at base for bottom mounting. Rear is accessible for servicing. Back made of stained wood with center brass strip. Faucets are 14" from countertop. **Wall Mount Models** can be secured directly to a wall and can be used as airshaft or ordered with aluminum blocks and heat exchanger for glycol applications (add \$20.00 per faucet). Deep drain pan (36"W x 8"D x 1"H) recommended.

*Note: In order to build a layer of ice on the exterior of a tower an additional power pack is required, located as near as possible to the tower. Also for ice to form certain levels of humidity, temperature and virtually no convection (a lack of air movement) will be needed.

European Belgian Style Modular Towers

Towers shown with #BSEF-1 Belgian style European faucets with stainless steel spouts

Glycol Only

Modular!
Union joins together two towers, creating a pass-thru tower

Belgian Style Towers with sleek design and heavy cast components

- ✓ Available with European or US faucets. European faucets accept US tap markers. Flow control available at additional cost.
- ✓ 4" diameter base
- ✓ Approximate overall height 18 1/2" (with handle).
- ✓ Works well with straight drain trays (often featured with glass washers). See Page 80.
- ✓ 3/8" copper heat exchanger.
- ✓ European style faucets have about 3 feet of 5/16" OD stainless steel beer product tubing (a Tecflo flow control device or foam control faucets can be used to balance restriction).
- ✓ US faucets have 6 feet of 3/16" vinyl tubing for beer product line for each faucet.

Stainless Steel Straight Drain Trays with Glass Washers

Drain trays with glass washers flash chill and rinse glasses and promote better quality pour with less foam, as the temperature of the glasses are closer to the beer temperature. Value is enhanced as the glass is colder. Product has a better taste, as sanitizing chemicals are rinsed off. Eye-pleasing presentation promotes more beer sales ...and more profits!

#261596 Test Coupler only- \$114.95 a key component of **#32700A** test kit

#DRILLGUIDE-1

Reamer drill guide for enlarging 3/16" ID shanks to 1/4" ID to enhance beer flow and lessen agitation. Used with standard 1/4" bit that has drawing tips filed down. Attaches to faucet coupling nut. Drill bit not included. **\$12.95**

Electric Beer Coil Cleaner

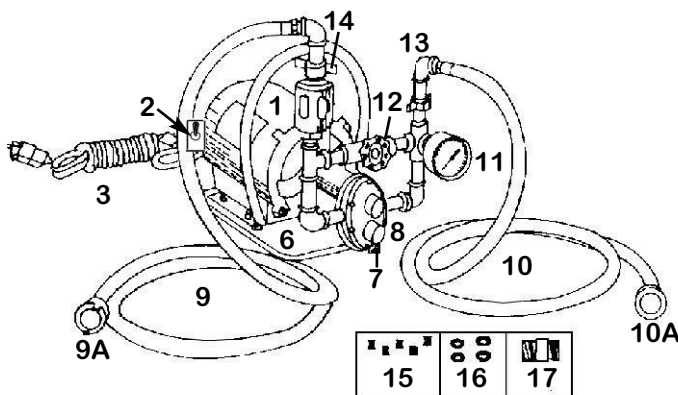

#ECC-100
\$899.95

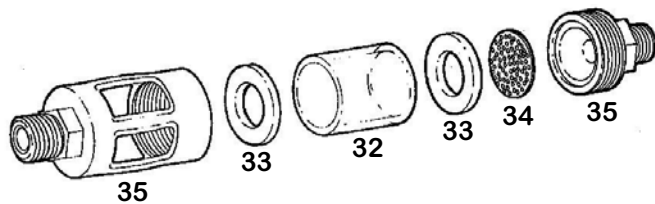

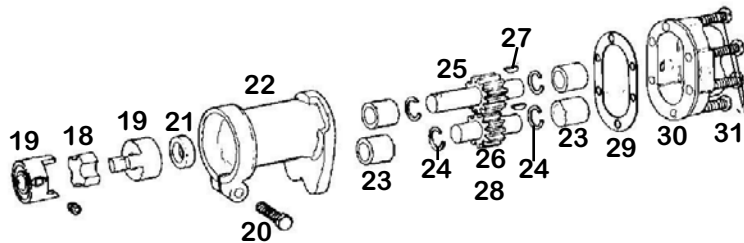

Great For Long Distance Runs! Pump is powerful and pressure is adjustable. Equipped with sight glass & gauge.

Every cleaner is shipped complete with:

- ✓ One 6 ft. suction hose (equipped with strainer to prevent entry of foreign matter into pump)
- ✓ One 6 ft. pressure hose (equipped with slip coupling for attaching to beer faucet)
- ✓ One double male connector (for coupling beer lines)
- ✓ Four fiber washers (2 for connector, 1 each for hoses)
- ✓ Sponge kit (used in larger lines for more thorough cleaning)
- ✓ One set parts list and operating instructions

Each unit is tested and inspected before being packaged in a specially designed carton. Ship weight 31 lbs.

Sponges in Six Sizes

#104-110 Sponge Kit

Standard package shipped with #ECC-100 cleaner. Includes 5 each 1/8", 3/16", 1/4", 5/16" sponges **\$3.05**

Beer Line Cleaning Equipment

If You Don't See It, Ask!

Little Giant Cleaning Kit

Can clean up to six beer lines at a bar. Recommended distance of 25 feet or less per line. Includes Components #1 through #8 below. Fully assembled with instructions.

#LG-KIT \$134.95

Component #1

#IP32 Little Giant Pump
Submersible, aluminum housing with epoxy coating. Nylon pumping head and impeller. Thermal overload protector. 1/15 HP motor pumps 185 gallons per hour at 6 ft. rise.

\$93.95

Component #3

#252 Duplex coupling, connects two lines or can be used with #132 beer "Y's" (page 73) to clean multiple lines.

1-5 \$9.50 6-UP \$8.95

Component #2

#604S Six ft. of 1/2" tubing (other lengths available) with #205P pump adapter and #254 straight cleaning attachment.

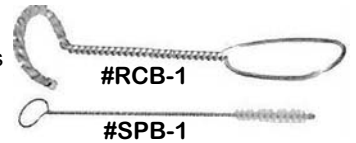

\$12.95

Component #4

#1350 Heavy duty faucet wrench with red rubber coated handle. Durable and easy to use.

1-5 \$2.95 6-11 \$2.75 12-UP \$2.45

Components #5 & 6

Brush set insures a fine glass of beer. Round brush removes yeast and spillage from bottom threads of coupler. Small brush cleans tap.

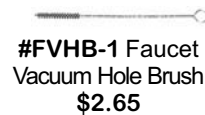

#SPB-1 Small Probe Brush.....\$2.85
#RCB-1 Round Coupler Brush.....\$3.95

Components #7 & 8

#1329 Faucet Brush

1-11 \$2.05 12-99 \$1.85 100-UP \$1.65

#FVHB-1 Faucet Vacuum Hole Brush
\$2.65

Great For Bars, Coil & Cold Plate Coolers, Home Kits and More!

Sankey One Piece Metal Flushers with SS Wire Ball Lifting Probes. Fits both US and European Sankey Couplers

#2W-FLUSH Double Flusher \$39.95

#1W-FLUSH Single Flusher x male beer threads \$33.95

#SERIES-FLUSH Single Sided Flusher without male beer threads \$26.95

#938-GH58 Water Pressure Cleaning Adapter

10' of 3/8" braided high pressure water line. One end equipped with garden hose connection and can hook to standard laundry faucet. Other end is female Sankey adapter and accepts any US Sankey coupler.

\$39.95

Cleaning Container Kits

Great for picnic pumps, cold plate and coil coolers, bars, beer trailers and more! Just fill with solution, tap coupler into container top as you would a keg, apply pump or CO2 pressure and solution is forced through the lines and taps.

Double Container Kits include 2 one-gallon containers with handles, 2 container caps with barrel type adapters, and heavy S/S carrier as shown.

Single Container Kits include 1 one-gallon container with handle and 1 container cap with barrel type adapter.

Maxi-Vac Line Cleaning Pumps

#JS300

#JS350

Specially designed for cleaning draft beer and soft drink dispensing systems. Helps prevent mold and bacteria from building up.

Medium Duty Cleaning Pump

- ✓ For direct draw and short run systems (30 feet or less)
 - ✓ Duplex diaphragm pump is self-priming and can run dry without damage
 - ✓ Resistant to acid-based cleaners
 - ✓ Sturdy powder-coated steel housing
 - ✓ 16 lbs, 115V, 0.50 Amps with cord.
- #JS300 \$410.00

Heavy Duty Cleaning Pump

- ✓ For systems over 30 feet long
 - ✓ Direct drive pump provides constant flow through longer lines
 - ✓ Pulsating action adds scrubbing motion
 - ✓ Motor is totally enclosed
 - ✓ Powder coated all-steel frame
 - ✓ 30 lbs, 115V, 5.3 Amps with cord.
- #JS350 \$510.00
